Yolo Federal Credit Union Receives Approval as USDA Lender

Yolo Federal Credit Union is pleased to announce their approval by the United States Department of Agriculture as an approved lender for the Farm Service Agency (FSA) Guaranteed Loan Program. The FSA was created in 1935, with the purpose of assisting and protecting the interests of farms across the nation. As an approved lender, Yolo FCU provides agricultural credit to farmers and ranchers throughout Yolo County to be used for both farm ownership and operating purposes.

“Yolo County has strong roots in agriculture and farming,” said Yolo FCU Vice President Brenda Price. “As a locally based credit union, we are excited about the opportunities this new partnership provides to our members.” Yolo FCU has been serving Yolo County for over 55 years and expanded services to include commercial lending to meet the growing financial needs of their members and the local community.
