

be available on the first business day.

If we are not going to make all of the funds from your deposit available on the first business day, we will notify you at the time you make your deposit. We will also tell you when the funds will be available. If your deposit is not made directly to one of our employees, or if we decide to take this action after you have left the premises, we will mail you the notice by the day after we receive your deposit.

If you will need the funds from a deposit right away, you should ask us when the funds will be available.

**Safeguard exceptions.** In addition, funds you deposit by check may be delayed for a longer period under the following circumstances:

We believe a check you deposit will not be paid.

You deposit checks totaling more than \$5,000 on any one day.

You redeposit a check that has been returned unpaid.

You have overdrawn your account repeatedly in the last six months.

There is an emergency, such as failure of computer or communications equipment.

We will notify you if we delay your ability to withdraw funds for any of these reasons, and we will tell you when the funds will be available. They will generally be available no later than the eleventh business day after the day of your deposit.

#### SPECIAL RULES FOR NEW ACCOUNTS

If you are a new member, the following special rules will apply during the first 30 days your account is open.

Funds from electronic direct deposits to your account will be available on the day we receive the deposit. Funds from deposits of cash, wire transfers, and the first \$5,000 of a day's total deposits of cashier's, certified, teller's, traveler's, and federal, state and local government checks will be available on the first business day after the day of your deposit if the deposit meets certain conditions. For example, the checks must be payable to you (and you may have to use a special deposit slip). The excess over \$5,000 will be available on the ninth business day after the day of your deposit. If your deposit of these checks (other than a U.S. Treasury check) is not made in person to one of our employees, the first \$5,000 will not be available until the second business day after the day of your deposit.

Funds from all other check deposits will be available on the eleventh business day after the day of your deposit.

#### DEPOSITS AT AUTOMATED TELLER MACHINES

Funds from any deposits (cash or checks) made at Co-op network automated teller machines (ATMs) we do not own or operate will not be available until the fifth business day after the day of your deposit. This rule does not apply at ATMs that we own or operate.

## ELECTRONIC FUND TRANSFERS YOUR RIGHTS AND RESPONSIBILITIES

Indicated below are types of Electronic Fund Transfers we are capable of handling, some of which may not apply to your account. Please read this disclosure carefully because it tells you your rights and obligations for the transactions listed. You should keep this notice for future reference.

**Electronic Fund Transfers Initiated By Third Parties.** You may authorize a third party to initiate electronic fund transfers between your account and the third party's account. These transfers to make or receive payment may be one-time occurrences or may recur as directed by you. These transfers may use the Automated Clearing House (ACH) or other payments network. Your authorization to the third party to make these transfers can occur in a number of ways. For example, your authorization to convert a check or draft to an electronic fund transfer or to electronically pay a returned check or draft charge can occur when a merchant provides you with notice and you go forward with the transaction (typically, at the point of purchase, a merchant will post a sign and print the notice on a receipt). In all cases, these third party transfers will require you to provide the third party with your account number and credit union information. This information can be found on your check or draft as well as on a deposit or withdrawal slip. Thus, you should only provide your credit union and account information (whether over the phone, the Internet, or via some other method) to trusted third parties whom you have authorized to initiate these electronic fund transfers. Examples of these transfers include, but are not limited to:

- **Preauthorized credits.** You may make arrangements for certain direct deposits to be accepted into your checking or share account(s).
- **Preauthorized payments.** You may make arrangements to pay certain recurring bills from your checking or share account(s).
- **Electronic check or draft conversion.** You may authorize a merchant or other payee to make a one-time electronic payment from your checking or share draft account using information from your check or draft to pay for purchases or pay bills.
- **Electronic returned check or draft charge.** You may authorize a merchant or other payee to initiate an electronic funds transfer to collect a charge in the event a check or draft is returned for insufficient funds.

**Access Line Telephone Transfers - types of transfers -** You may access your account by telephone 24 hours a day at 530-669-6363 using your personal identification number and your account numbers, to:

- transfer funds from checking to checking
- transfer funds from checking to share
- transfer funds from share to checking
- transfer funds from share to share
- transfer funds from line of credit to checking
- transfer funds from line of credit to share
- make payments from checking to loan accounts with us
- make payments from share to loan accounts with us
- get information about:
  - the account balance of checking accounts
  - the last 200 transactions for checking accounts, or a max of 200 days, whichever is less
  - the last 200 transactions for share accounts, or a max of 200 days, whichever is less
  - maximum transaction amount is \$10,000.00 during any 24-hour period.

**ATM Transfers - types of transfers, dollar limitations, and charges -** You may access your account(s) by ATM using your ATM Debit Card and personal identification number, to:

- make deposits to checking account(s) with a debit card at Co-op network ATM's only
- make deposits to share account(s) with a debit card at Co-op network ATM's only
- get cash withdrawals from checking account(s) with a debit card
  - you may withdraw no more than \$500.00 per 24 hour period
  - there is a charge per withdrawal at ATMs we do not own or operate (see fee schedule)
- get cash withdrawals from share account(s) with a debit card
  - you may withdraw no more than \$500.00 per 24 hour period
  - there is a charge per withdrawal at ATMs we do not own or operate (see fee schedule)
- transfer funds from share to checking account(s) with a debit card
- transfer funds from checking to share account(s) with a debit card
- get information about:
  - the account balance of your checking account(s)
    - with a debit card
  - the account balance of your share accounts
    - with a debit card

Some of these services may not be available at all terminals.

**Types of ATM Debit Card Point-of-Sale Transactions -** You may access your checking account(s) to purchase goods (in person, online, or by phone), pay for services (in person, online, or by phone), get cash from a merchant, if the merchant permits, or from a participating financial institution, and do anything that a participating merchant will accept.

**Point-of-Sale Transactions - frequency and dollar limitations -** Using your card:

- you may make no more than 35 transactions per 24 hour period
- you may not exceed \$1,500.00 in transactions per 24 hour period in combination with ATM withdrawals

**Currency Conversion and International Transactions.** When you use your ATM Debit Card at a merchant that settles in currency other than US dollars, the charge will be converted into the US dollar amount. The currency conversion rate used to determine the transaction amount in US dollars is either a rate selected by Visa from the range of rates available in wholesale currency markets for the applicable central processing date, which rate may vary from the rate Visa itself receives, or the government-mandated rate in effect for the applicable central processing date. The conversion rate in effect on the processing date may differ from the rate in effect on the transaction date or posting date.

Visa USA charges us a .8% International Service Assessment on all international transactions, regardless of whether there is a currency conversion. If there is a currency conversion, the International Service Assessment is 1% of the transaction. The fee we charge you for international transactions/currency conversions is disclosed on our separate fee schedule. An international transaction is a transaction where the country of the merchant is outside the USA.

**Advisory Against Illegal Use.** You agree not to use your card(s) for illegal gambling or other illegal purpose. Display of a payment card logo by, for example, an online merchant does not necessarily mean that transactions are lawful in all jurisdictions in which the cardholder may be located.

**Non-Visa Debit Transaction Processing.** We have enabled non-Visa debit transaction processing. This means you may use your Visa-branded debit card on a PIN-Debit Network\* (a non-Visa network) without using a PIN.

The non-Visa debit network(s) for which such transactions are enabled are: STAR, PULSE, and COOP Networks.

Examples of the types of actions that you may be required to make to initiate a Visa transaction on your Visa-branded debit card include

signing a receipt, providing a card number over the phone or via the Internet, or swiping the card through a point-of-sale terminal.

Examples of the types of actions you may be required to make to initiate a transaction on a PIN-Debit Network include initiating a payment directly with the biller (possibly via telephone, Internet, or kiosk locations), responding to a logo displayed at a payment site and choosing to direct payment through that network, and having your identity verified using known information derived from an existing relationship with you instead of through use of a PIN.

The provisions of your agreement with us relating only to Visa transactions are not applicable to non-Visa transactions. For example, the additional limits on liability (sometimes referred to as Visa's zero-liability program) and the streamlined error resolution procedures offered on Visa debit card transactions are not applicable to transactions processed on a PIN-Debit Network.

\*Visa Rules generally define **PIN-Debit Network** as a non-Visa debit network that typically authenticates transactions by use of a personal identification number (PIN) but that is not generally known for having a card program.

**PC Banking Computer Transfers - types of transfers -** You may access your account(s) by computer through the internet by logging onto our website at [www.yolofcu.org](http://www.yolofcu.org) and using your personal identification number and your account numbers, to:

- transfer funds from checking to checking
- transfer funds from checking to share
- transfer funds from share to checking
- transfer funds from share to share
- transfer funds from line of credit to checking
- transfer funds from line of credit to share
- make payments from checking to loan account(s) with us
- make payments from checking to third parties with Bill Pay
- make payments from share to loan account(s) with us
- make payments from share to third parties with Bill Pay
- get information about:
  - the account balance of checking account(s)
  - the last 200 transactions for checking accounts, or a max of 200 days, whichever is less
  - the account balance of share account(s)
  - the last 200 transactions for share accounts, or a max of 200 days, whichever is less
  - maximum transaction amount is \$10,000.00 during any 24-hour period.

**Health Savings Accounts (HSA).** We permit some electronic fund transfers to and/or from your HSA. The electronic fund transfers we permit are offered for the convenience of managing your HSA. However, electronically moving funds to or from your HSA— for example, depositing more than the allowable amount, or getting additional cash back on an HSA debit card transaction — can raise a variety of tax concerns. As a result, before electronically accessing any account you may have with us, it is a good practice to make sure you are using the correct access device (such as a card) or accessing the appropriate account for the transaction. Also, it is your responsibility to ensure the contributions, distributions, and other actions related to your HSA, comply with the law, including federal tax law. As always, we recommend consulting a legal or tax professional if you have any questions about managing your HSA. The terms of this disclosure are intended to work in conjunction with the HSA Agreement provided to you earlier. In the event of a conflict, the terms of the HSA Agreement control. You understand that your HSA is intended to be used for payment of qualified medical expenses. It is your responsibility to satisfy any tax liability resulting from use of your HSA for any purpose other than payment or reimbursement of qualified medical expenses. We do not monitor the purpose of any transaction to or from your HSA. Nor are we responsible for ensuring your eligibility for making contributions or ensuring withdrawals are used for payment or reimbursement of qualified medical expenses. Refer to your HSA Agreement for more information relating to the use of your HSA.

## FEES

- We do not charge for direct deposits to any type of account.
- We do not charge for preauthorized payments from any type of account.

Except as indicated elsewhere, we do not charge for these electronic fund transfers.

**ATM Operator/Network Fees.** When you use an ATM not owned by us, you may be charged a fee by the ATM operator or any network used (and you may be charged a fee for a balance inquiry even if you do not complete a fund transfer).

## DOCUMENTATION

- **Terminal transfers.** You can get a receipt at the time you make a transfer to or from your account using an automated teller machine or point-of-sale terminal. However, you may not get a receipt if the amount of the transfer is \$15 or less.
- **Preauthorized credits.** If you have arranged to have direct deposits made to your account at least once every 60 days from the same person or company, you can call us at 530-668-2700 to find out whether or not the deposit has been made.

- **Periodic statements.**

You will get a monthly account statement from us for your checking accounts.

You will get a monthly account statement from us for your share accounts, unless there are no transfers in a particular month. In any case, you will get a statement at least quarterly.

## PREAUTHORIZED PAYMENTS

- **Right to stop payment and procedure for doing so.** If you have told us in advance to make regular payments out of your account, you can stop any of these payments. Here is how:

Call or write us at the telephone number or address listed in this brochure in time for us to receive your request 3 business days or more before the payment is scheduled to be made. If you call, we may also require you to put your request in writing and get it to us within 14 days after you call.

Please refer to our separate fee schedule for the amount we will charge you for each stop-payment order you give.

- **Notice of varying amounts.** If these regular payments may vary in amount, the person you are going to pay will tell you, 10 days before each payment, when it will be made and how much it will be. (You may choose instead to get this notice only when the payment would differ by more than a certain amount from the previous payment, or when the amount would fall outside certain limits that you set.)
- **Liability for failure to stop payment of preauthorized transfer.** If you order us to stop one of these payments 3 business days or more before the transfer is scheduled, and we do not do so, we will be liable for your losses or damages.

## FINANCIAL INSTITUTION'S LIABILITY

**Liability for failure to make transfers.** If we do not complete a transfer to or from your account on time or in the correct amount according to our agreement with you, we will be liable for your losses or damages. However, there are some exceptions. We will not be liable, for instance:

- (1) If, through no fault of ours, you do not have enough money in your account to make the transfer.
- (2) If you have an overdraft line and the transfer would go over the credit limit.
- (3) If the automated teller machine where you are making the transfer does not have enough cash.
- (4) If the terminal or system was not working properly and you knew about the breakdown when you started the transfer.
- (5) If circumstances beyond our control (such as fire or flood) prevent the transfer, despite reasonable precautions that we have taken.

- (6) There may be other exceptions stated in our agreement with you.

## CONFIDENTIALITY

We will disclose information to third parties about your account or the transfers you make:

- (1) where it is necessary for completing transfers; or
- (2) in order to verify the existence and condition of your account for a third party, such as a credit bureau or merchant; or
- (3) in order to comply with government agency or court orders; or
- (4) as explained in the Privacy Disclosure contained elsewhere in this document.

## UNAUTHORIZED TRANSFERS

### (a) Consumer liability.

• **Generally.** Tell us at once if you believe your code has been lost or stolen, or if you believe that an electronic fund transfer has been made without your permission using information from your check or draft. Telephoning is the best way of keeping your possible losses down. You could lose all the money in your account (plus your maximum overdraft line of credit). If you believe your code has been lost or stolen, and you tell us within 2 business days after you learn of the loss or theft of your code, you can lose no more than \$50 if someone used your code without your permission. Also, if you do NOT tell us within 2 business days after you learn of the loss or theft of your code, and we can prove we could have stopped someone from using your code without your permission if you had told us, you could lose as much as \$500.

Also, if your statement shows transfers made with your code that you did not make, including those made by code or other means, tell us at once. If you do not tell us within 60 days after the statement was mailed to you, you may not get back any money you lost after the 60 days if we can prove that we could have stopped someone from taking the money if you had told us in time.

If a good reason (such as a long trip or a hospital stay) kept you from telling us, we will extend the time periods.

• **Limited Liability for ATM Debit Card.** Your liability is further limited if your card can be used to initiate a transaction for which you are not required to provide identifying information, such as a Personal Identification Number. You could lose all the money in your account. Your liability for the unauthorized use of your card will be no more than \$50 if you notify us of the unauthorized use.

In addition, when used in point-of-sale transactions, and unless you have been grossly negligent or have engaged in fraud, you will not be liable for any unauthorized transactions if your card is lost or stolen. This limit on liability does not apply to ATM transactions or to transactions using your PIN which are not processed by VISA®.

If you fail to notify us of an unauthorized use that appears on a periodic statement within 60 days of our transmittal of the statement, and we can establish that we could have prevented the unauthorized use if you had notified us within this period, you will be liable for each unauthorized transfer (other than VISA® point-of-sale transactions) that occurs after the close of the 60 days and before you give us notice.

If you fail to notify us because of extenuating circumstances beyond your control that contributed to your delay in notifying us, such as a serious physical impairment or hospitalization, this time period may be extended.

**(b) Contact in event of unauthorized transfer.** If you believe your card and/or code has been lost or stolen, call or write us at the telephone number or address listed in this brochure. You should also call the number or write to the address listed in this brochure if you believe a transfer has been made using the information from your check or draft without your permission.

## ERROR RESOLUTION NOTICE

In Case of Errors or Questions About Your Electronic Transfers, Call or Write us at the telephone number or address listed in this brochure, as soon as you can, if you think your statement or receipt is wrong or if you need more information about a transfer listed on the statement or receipt. We must hear from you no later than 60 days after we sent the FIRST statement on which the problem or error appeared.

- (1) Tell us your name and account number (if any).
- (2) Describe the error or the transfer you are unsure about, and explain as clearly as you can why you believe it is an error or why you need more information.
- (3) Tell us the dollar amount of the suspected error.

If you tell us orally, we may require that you send us your complaint or question in writing within 10 business days.

We will determine whether an error occurred within 10 business days (5 business days for ATM Debit Card point-of-sale transactions processed by Visa and 20 business days if the transfer involved a new account) after we hear from you and will correct any error promptly. If we need more time, however, we may take up to 45 days (90 days if the transfer involved a new account, a point-of-sale transaction, or a foreign-initiated transfer) to investigate your complaint or question. If we decide to do this, we will credit your account within 10 business days (5 business days for ATM Debit Card point-of-sale transactions processed by Visa and 20 business days if the transfer involved a new account) for the amount you think is in error, so that you will have the use of the money during the time it takes us to complete our investigation. If we ask you to put your complaint or question in writing and we do not receive it within 10 business days, we may not credit your account. Your account is considered a new account for the first 30 days after the first deposit is made, unless each of you already has an established account with us before this account is opened.

We will tell you the results within three business days after completing our investigation. If we decide that there was no error, we will send you a written explanation.

You may ask for copies of the documents that we used in our investigation.

## NOTICE OF ATM FACILITY USER PRECAUTIONS

As with all financial transactions, please exercise discretion when using an automated teller machine (ATM) facility. For your own safety, be careful. The following suggestions may be helpful.

1. Prepare for your transactions at home (for instance, by filling out a deposit slip) to minimize your time at the ATM facility.
2. Mark each transaction in your account record, but not while at the ATM facility. Always save your ATM receipts. Don't leave them at the ATM facility because they may contain important account information.
3. Compare your records with the account statements you receive.
4. Don't lend your ATM card to anyone.
5. Remember, do not leave your card at the ATM.
6. Protect the secrecy of your Personal Identification Number (PIN). Protect your ATM card as though it were cash. Don't tell anyone your PIN. Don't give anyone information regarding your ATM card or PIN over the telephone. Never enter your PIN in any ATM that does not look genuine, has been modified, has a suspicious device attached, or is operating in a suspicious manner. Don't write your PIN where it can be discovered. For example, don't keep a note of your PIN in your wallet or purse.
7. Prevent others from seeing you enter your PIN by using your body to shield their view.
8. If you lose your ATM card or if it is stolen, promptly notify us. You should consult the other disclosures you have received about electronic fund transfers for additional information about what to do if your card is lost or stolen.
9. When you make a transaction, be aware of your surroundings.

Look out for suspicious activity near the ATM facility, particularly if it is after sunset. At night, be sure that the facility (including the parking area and walkways) is well lighted. Consider having someone accompany you when you use the facility, especially after sunset. If you observe any problem, go to another ATM facility.

10. Don't accept assistance from anyone you don't know when using an ATM facility.
11. If you notice anything suspicious or if any other problem arises after you have begun an ATM transaction, you may want to cancel the transaction, pocket your card and leave. You might consider using another ATM or coming back later.
12. Don't display your cash; pocket it as soon as the ATM transaction is completed and count the cash later when you are in the safety of your own car, home, or other secure surrounding.
13. At a drive-up facility, make sure all the car doors are locked and all of the windows are rolled up, except the driver's window. Keep the engine running and remain alert to your surroundings.
14. We want the ATM facility to be safe and convenient for you. Therefore, please tell us if you know of any problem with a facility. For instance, let us know if a light is not working or there is any damage to a facility. Please report any suspicious activity or crimes to both the operator of the facility and the local law enforcement officials immediately.

## YOUR ABILITY TO WITHDRAW FUNDS

This policy statement applies to "transaction" accounts and share savings accounts. Transaction accounts, in general, are accounts which permit an unlimited number of payments to third persons and an unlimited number of telephone and preauthorized transfers to other accounts of yours with us. Share draft accounts are the most common transaction accounts. Feel free to ask us whether any of your other accounts might also be under this policy.

Our policy is to make funds from your cash and check deposits available to you on the first business day after the day we receive your deposit. Electronic direct deposits will be available on the day we receive the deposit. Once the funds are available, you can withdraw them in cash and we will use the funds to pay checks that you have written.

Please remember that even after we have made funds available to you, and you have withdrawn the funds, you are still responsible for checks you deposit that are returned to us unpaid and for any other problems involving your deposit.

For determining the availability of your deposits, every day is a business day, except Saturdays, Sundays, and federal holidays. If you make a deposit before closing on a business day that we are open, we will consider that day to be the day of your deposit. However, if you make a deposit after closing or on a day we are not open, we will consider that the deposit was made on the next business day we are open.

If we cash a check for you that is drawn on another bank, we may withhold the availability of a corresponding amount of funds that are already in your account. Those funds will be available at the time funds from the check we cashed would have been available if you had deposited it.

If we accept for deposit a check that is drawn on another bank, we may make funds from the deposit available for withdrawal immediately but delay your availability to withdraw a corresponding amount of funds that you have on deposit in another account with us. The funds in the other account would then not be available for withdrawal until the time periods that are described elsewhere in this disclosure for the type of check that you deposited.

## LONGER DELAYS MAY APPLY

**Case-by-case delays.** In some cases, we will not make all of the funds that you deposit by check available to you on the first business day after the day of your deposit. Depending on the type of check that you deposit, funds may not be available until the fifth business day after the day of your deposit. The first \$100 of your deposits, however, may
