Yolo Federal Credit Union

Discover the Local Difference!

How do I close my old account?

We've provided a form that you can sign and date to mail or fax back to your other financial institution requesting to close your account. You can even request to send the remaining balance to your new Yolo Federal Credit Union account!

What if I automatically pay bills out of my other account?

We have phone numbers for local utility companies and an automatic payment change request inside this brochure. All you have to do is complete, sign, and then fax or mail the application to each of the companies that receive your automatic payments.

But my Direct Deposit goes into another account.

Direct Deposit is also available at Yolo Federal Credit Union. We've enclosed a form you can complete to give your employer all the information needed to start sending your paycheck directly to YFCU rather than to your old account.

I don't want to buy stamps to mail all these forms back, and I don't have a fax machine.

Complete the enclosed forms, sign and return to us. We will fax the forms back to the appropriate companies for you free of charge.

YFCU Account Reminder Card

We want to make changing your accounts to YFCU as easy as possible. Here is a reminder card to help you remember all the direct deposits and automatic payments made to and from your accounts to keep in your wallet. Our phone number is also listed should you ever have questions. Bring this card with you next time you are at YFCU and we will even laminate it for you free of charge.
