**FOR IMMEDIATE RELEASE**  
**Yolo Federal Credit Union Donates \$20,000 to Cool Davis**

Yolo County, CA: Yolo Federal Credit Union announced they have donated \$20,000 to Cool Davis through a donation matching program in partnership with The Federal Home Loan Bank of San Francisco. The funds will go to support programs promoting rooftop solar, electric vehicle adoption, home energy efficiency, and household engagement for diverse audiences across the Davis area. Yolo Federal has been a Cool Davis Coalition partner since 2010. “Cool Davis has done important work to help reduce greenhouse gas emissions and improve the quality of life for our community,” said Jenee Rawlings, President/CEO of Yolo Federal. The donation will be awarded on Tuesday, March 29 at 9:00 a.m. at the Yolo Federal Branch located at 501 G St., Davis, CA. Community members are welcome to attend.

Cool Davis partners demonstrate synergy with its mission and are committed to implementing the City of Davis Climate Action and Adaptation Plan. “We are excited to partner with Cool Davis to support their sustainability efforts and reach more households in Davis,” said Kelley Jacobsen, Vice President of Marketing & Operations for Yolo Federal.

In 2010, Cool Davis was formally launched following a unanimous vote by the Davis City Council to work towards total carbon neutrality by 2050, a date since moved forward to 2040 by the City of Davis. The mission of Cool Davis is to inspire their community to reduce greenhouse gas emissions, adapt to climate change, and improve the quality of life for all. “Yolo Federal Credit Union is a founding partner of Cool Davis that has supported our mission in the community since 2010,” said Chris Granger, Cool Davis, Executive Director. “It is fitting as we move further into our next decade of work to have Yolo Federal again partner with us to support the expansion of our programs to meet our community goals for 2030 and beyond.”

The Cool Davis Coalition is a network of 80 plus partner organizations and individuals committed to its mission. The Coalition organizes educational forums, advocates on climate issues, and participates in other collaborative projects. “As we enter 2022, Cool Davis is working right now on the expansion of our programs to households in the Davis community and beyond,” said Jason Bone, President of the Cool Davis Board of Directors. “This funding will help ensure stable programs and services to households this year, especially as they make difficult decisions to change their homes and households to reduce greenhouse gasses and adapt to a new climate.”
